**SUBJECT: DEVELOPMENT AND TRANSFORMATION**

---

Dear Sir/Madam

A key function of the Vice-President is to monitor and report on all matters of transformation. I require your assistance in gathering all the necessary information in order to report accurately on these issues.

Information on development and transformation is vital when trying to access government and private funding. It is therefore imperative that all clubs complete the accompanying census form and return it on or before 1 February 2008.

I also need information on all development projects at club and provincial level. Detailed reports on current projects as well as proposals for funding of future projects can be sent to [headoffice@lifesaving.co.za](mailto:headoffice@lifesaving.co.za) for my attention.

Thank you for your co-operation.

Yours faithfully,
