SUBJECT: PDI QUOTAS NATIONAL CHAMPIONS

Dear All,

National Council tasked the Management Board with the task of finding a suitable solution to the issue of PDI quota's in Nipper competition.

A recent statement by the Minister of Sport, Mr. Stofile, has given our decision to allow our national team the right to be selected on merit, credibility, however this is not as yet the official government position and does not have any impact on the development of sport within the provinces.

The management board has decided that Lifesaving South Africa is still bound by the National Council decision, taken in conjunction with the strategic plan and affirmative action policy, to have a quota system in place for all the Interprovincial and Inter branch National Championships. The Current quota remains 15% overall for the whole team for the 2008 Nationals, however the make up of the teams entering will change:

Surf Nippers:

All Provinces can compete with an "A" and a "B" team.

The Teams shall each consist of 5 male and 5 female competitors in the Under 12 and 5 male and 5 female competitors in the Under 14 age groups.

The "A" team may be selected on merit.

If Provinces choose to only have a single team then they are required to enter an "A" team with the full PDI Quota.

A 15% PDI Quota will be maintained in the team overall.

Stillwater Nippers:

All Provinces can compete with an "A" and a "B" team.

The "A" team may be selected on merit, and shall consist of 5 male and 5 female competitors in the Under 12 and 5 male and 5 female competitors in the Under 14 age groups.

The "B" team is unrestricted in the number of members, providing all entrants actually participate in the event.

If Provinces choose to only have a single team then they are required to enter an "A" team with the full PDI Quota.

A 15% PDI Quota will be maintained in the team overall.

Regards
