Re: 2020-2022 Dream Together Master Programme – Seoul National University

Dear Friends,

ANOC has the opportunity to offer, for this year again, ten scholarships to NOCs for the Dream Together Master's Programme for the academic session 2020-2022. The programme will start in late August 2020 and run through June 2022 (during the last 6 months of the programme, students will work on their thesis in their home countries). The Dream Together Master is a full scholarship graduate programme funded by the Korean Ministry of Culture, Sports and Tourism and the Korea Sports Promotion Foundation using the national sports promotional funds that aim to educate next generation of sports administrators.

As part of the agreement, ANOC will recommend candidates for this Master's programme and we are inviting all NOC administrators or athletes with higher education qualifications (Bachelor's degree or higher and English proficiency) who would like to join this programme of sport management to apply **before 1 March 2020**. We kindly ask you to read carefully the application information and guidelines enclosed and send all necessary documents to ANOC Office.

ANOC will have to receive all the documents (see documents attached and the checklist for documents to be submitted) by email before **the 1 March deadline**. It is mandatory as well to send all hard copies of the documents by regular mail to the ANOC headquarters in Lausanne before the deadline. Please note that the applications submitted to the University itself will not be considered for the ANOC scholarships and therefore we kindly ask you to respect the deadline in sending all the documents to ANOC for final decision (no delays will be accepted).

When the nominations will be announced by ANOC, the University will review all documents and all applicants selected will have to complete an interview with the University before the results.

Best regards,

Gunilla Lindberg
Secretary General of ANOC
