

# LSLC 8 Man Classic 2020

Dear SA lifesaving clubs, this is an invitation to Llandudno Surf's premier event; 8 Man Classic 2020, which is being held on Saturday the 7<sup>th</sup> of March 2020.

- This year we are extending the Event Invitation to all lifesaving clubs across the country. Note that entries are limited and will be considered on a first come, first-serve basis. The deadline for team entries as well as payment of the R1 200 competition fee per team is Thursday the 5<sup>th</sup> of March 2020.

The event format is, as always, with teams of eight of the competing clubs' best all round competitors battling it out in the randomly drawn water and land events; with certain parameters to ensure all competitors' skills are tested.

Note that competitors do not choose their events, and it is therefore imperative that all 8 are competent in all aspects of lifesaving. Competitors are randomly drawn and will only know a few minutes prior to each event on the day. The draw is performed by an independent 3<sup>rd</sup> party using an excel randomized function to ensure that no club is given preference or unfairly favoured.

We aim to bring back the inclusive and integrated spirit of the post event function and hope to have not only most of the competitors and their supporters attending but also the judges and masters/life-saving oldtimers. There will be a covered seating area outside, and some appropriate tunes.

The Milkwood Café will have a selection of delicious treats & food on sale throughout the competition and the bar will be open for refreshments all day.

## Order of Events

Random draw – competitors will be selected for between 4 and 7 events, i.e. your best swimmer may draw ski, beach relay, beach sprints, taplin board and long run; for example. This is why it is vital for all competitors to be competent and practiced in all areas of lifesaving.

**NOTE:** all placings, in all events count. Where there are 2 or 4 competitors per club in an event, the AVERAGE placing of all is used. A DQ or non-finish DQ's the team! Every one of the events is equally weighted in terms of points.

01. Surf Swim (4 competitors)
02. Single Ski (2 competitors)
03. Board Rescue (1 team comprising of 2 competitors – patient and rescuer)

#### Event Ocean Conditions

If there are doubts about the predicted sea conditions, there will be a call made latest on the evening of Thursday the 5<sup>th</sup> March 2020 and the club captains will be informed. However we are adamant that, within reason, lifeguards should be able to complete the events; even in challenging conditions. Each team will be sending their 8 strongest all-round competitor and we expect them to compete at the highest level.

#### Ladies teams

There will be no separate gender or age categories for the competition – all events are mixed and open age group.
