

WORLD DROWNING PREVENTION DAY 2026

GLOBAL FLAGSHIP WEBINAR

FROM STRATEGY TO ACTION

Join partners from around the world to explore how the Global Strategy for Drowning Prevention is being translated into action.

Drowning claims more than 300,000 lives every year, yet it is largely preventable. Discover how countries and organizations are working together to reduce drowning and create safer communities.

The webinar will showcase:

- The Global Strategy for Drowning Prevention as a shared roadmap for coordinated action
- Practical experiences from around the world demonstrating how countries and organizations are translating the Strategy into action
- Evidence-informed approaches to protecting people, creating safer places and reducing drowning risk across diverse contexts

Date:
Tuesday, 28 July 2026

Time:
13:00 - 14:30 CEST
